The journal *Designs* retracts the 8th February, 2021 article “Interpreting Locked Photographic Data: The Case of Apollo 17 Photo GPN-2000-00113” [1].

Following publication, serious concerns were brought to the attention of the publisher. The article was re-examined, revealing that the complaints were valid and that the article does not meet the standards of editorial and scientific soundness for *Designs*.

The article [1] is therefore retracted. This retraction was approved by the Editor in Chief of the journal, the authors did not agree to this retraction.
