**Message from the Editor-in-Chief**

*Foods* (ISSN 2304-8158) is an open access and peer reviewed scientific journal, which was established in 2012. The journal publishes original articles, critical reviews, case reports, and short communications on food science. The papers in *Foods* have attracted great interest in terms of downloads and we are sure that the diversity of publications and the research intensity of the submissions will make *Foods* one of the leading open access journals in the area of food science. We would be pleased to welcome you as one of our authors, reviewers and readers.

**Author Benefits**

- **Open Access** Unlimited and free access for readers
- **No Copyright Constraints** Retain copyright of your work and free use of your article
- **Thorough Peer-Review**
- **Rapid Publication** First decision provided to authors approximately 15 days after submission; acceptance to publication is undertaken in 4 days (median values for papers published in this journal in 2020)
- **Coverage by Leading Indexing Service** SCIE-Science Citation Index Expanded (Clarivate Analytics), Pubmed (NLM), Scopus (Elsevier)
- **No Space Constraints, No Extra Space or Color Charges** No restriction on the length of the papers, number of figures or colors
- **Discounts on Article Processing Charges (APC)** If you belong to an institute that participates with the MDPI Institutional Open Access Program
Aims and Scope

Our aim is to encourage scientists, researchers, and other food professionals to publish experimental and theoretical results as much detail as possible, in order to share important research findings with the global food science community.

The scope of *Foods* includes:

- food sciences and technology
- food chemistry and physical properties
- food engineering and production
- food security and safety
- food toxicology
- sensory and food quality
- food analysis
- functional foods, food and health
- food psychology
- food and environment
