Welcome to Condensed Matter (ISSN 2410-3896)! It gives me great pleasure to invite you to publish in the journal. We are looking to build a collection of high quality research articles, supported by a community from across the field of condensed matter physics. In this task, I will be assisted by a highly qualified editorial board. We accept papers on basic research as well as applications, and experimental or theoretical work. Note that the journal is currently indexed by ESCI (Web of Science) and the publication charges will be waived before 1 July 2019.

Author Benefits

- **Open Access** Unlimited and free access for readers
- **Rapid and Thorough Peer-Review** 47 days from submission to publication
- **Coverage by Leading Indexing Services** ESCI/Web of Science (Clarivate Analytics), INSPEC (Elsevier)
- **No Space Constraints, No Extra Space or Color Charges** No restriction on the length of the papers, number of figures or colors
- **Varied Manuscript Types** Research articles; review papers; extended conference papers
Aims and Scope

An open access journal covering all aspects of the physics of condensed matter systems, including the following topics:

- Solid state physics
- Magnetism
- Structure of matter and phase transitions
- Properties of composites and alloys
- Electronic properties of materials
- Superconductivity
- Spintronics
- Quantum phenomena in complex condensed matter
- Soft condensed matter, active matter
- Computational methods applied to condensed matter
- Materials for energy and electronics in the quantum era
