# designs

an Open Access Journal by MDPI

#### Editor-in-Chief

Prof. Dr. Hamid Reza Karimi

#### Associate Editor

Prof. Dr. Ernesto Benini

#### Section Editor-in-Chief

Prof. Dr. Sebastian Thiede

#### Message from the Editor-in-Chief

*Designs* (ISSN 2411-9660) is a peer-reviewed and open access journal which provides a unifying research framework for a wide range of engineering designs of disciplines and industrial applications, including mechanical engineering, electrical engineering, civil engineering, mechatronics, aerospace engineering, bioengineering, energy engineering, industrial engineering and manufacturing systems are of interest. We would like to invite you to contribute to the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

#### Author Benefits

-  **Open Access** Unlimited and free access for readers
-  **No Copyright Constraints** Retain copyright of your work and free use of your article
-  **Thorough Peer-Review**
-  **Rapid Publication** Manuscripts are peer-reviewed and a first decision provided to authors approximately 17.5 days after submission; acceptance to publication is undertaken in 4.6 days
-  **No Space Constraints, No Extra Space or Color Charges** No restriction on the length of the papers, number of figures or colors
-  **Coverage by Leading Indexing Services** Scopus (Elsevier), Inspec (IET)

## Aims and Scope

*Designs* is an international, scientific and open access journal of engineering designs published quarterly online by MDPI. The primary aim of *Designs* is to provide a forum for the exchange of ideas and findings from researchers across different disciplines. The Journal will publish original research papers, research review papers, short communication, book reviews and special issues organized by qualified scientists in their expertise areas. *Designs* encourages researchers to publish the results of their recent theoretical and experimental developments, as well as novel proposals in as much detail as possible so that results can be technically reproduced. Therefore, there is no restriction on the length of an article.

*Designs* is a multidisciplinary journal inviting submissions on, but without being limited to, the following subject areas:

- Mechanical design
- Mechatronics design
- Electrical design
- Electronics design
- Aerospace design
- Civil design
- Vehicles design
- Bioengineering design
- Energy systems design
- Product design
- Industrial design
- Design methodology and management
