**an Open Access Journal by MDPI**

**Academic Open Access Publishing**  
since 1996

The European Cool Roofs Council (ECRC) and the Society for Urban Ecology (SURE) are affiliated with *Urban Science*

an Open Access Journal by MDPI

## Editor-in-Chief

Prof. Dr. Michael Peter Smith

## Message from the Editor-in-Chief

*Urban Science* is a scholarly international journal which provides a platform for the exchange of theories, ideas, methods, analyses, and comparative studies of urban and regional development. It is a peer-reviewed, open access journal that publishes high quality original articles, theoretical essays, critical reviews, research notes, and shorter communications. Its broad definition of “science” includes both quantitative and qualitative methods of social, environmental, and spatial analysis. There is no restriction on the length of the papers.

## Author Benefits

-  **Open Access** Unlimited and free access for readers
-  **No Copyright Constraints** Retain copyright of your work and free use of your article
-  **Thorough Peer-Review**
-  **Coverage by Leading Indexing Services** ESCI (Web of Science)
-  **No Space Constraints, No Extra Space or Color Charges** No restriction on the length of the papers, number of figures or colors
-  **Discounts on Article Processing Charges (APC)** If you belong to an institute that participates with the MDPI Institutional Open Access Program (IOAP)
-  **Fast Manuscript Handling Time** Manuscripts are peer-reviewed and a first decision provided to authors approximately 18.2 days after submission; acceptance to publication is undertaken in 3.9 days (median values for papers published in this journal in the first half of 2021)

## Aims and Scope

*Urban Science* (ISSN 2413-8851) is a scholarly international journal that provides a platform for the exchange of ideas, methods and information on urban and regional studies. It is a peer-reviewed, open access journal that publishes high-quality original articles, critical reviews, research notes, and short communications. There is no restriction on the length of the papers.

The primary aim of this journal is to encourage scientists to publish their theoretical and empirical research relating to urban and rural development, the environment and its resources, the economy, policy, and communities.

- Urban environmental and resource controversies;
- Landscape and urban planning;
- Urban climatology;
- Urban health and welfare;
- Digitalization and smart cities;
- Application and prospect of remote sensing in cities;
- Future cities;
- Urban geography and land use;
- Urban transportation and mobility;
- Urban system and urban metabolism;
- Urban expansion and urban renewal;
- Urbanism and suburbanism;
- Urbanity and amenity;
- Infrastructure, the built environment, and architecture;
- Place making and community formation;
- Urban tourism, history and culture;
- Urban policy and governance;
- Urban and regional economic and political development;
- Urban social space and diversification;
- etc.
