# world

an Open Access Journal by MDPI

## Editor-in-Chief

Prof. Dr. Manfred Max Bergman

## Message from the Editor-in-Chief

*World* is a multidisciplinary and open access journal devoted to past, present, and future links between economic, political, social, and/or environmental issues. *World* serves as a scholarly forum and source of information on local, regional, national, and international trends, challenges, and opportunities relating to sustainability, adaptation, and the 4th Industrial Revolution. We encourage scholars from the natural sciences, engineering and technology, medical and health sciences, agricultural sciences, social sciences, and humanities to submit papers on sustainable policies, sustainable business, and sustainable social science.

## Author Benefits

-  **Open Access** Unlimited and free access for readers
-  **No Copyright Constraints** Retain copyright of your work and free use of your article
-  **Thorough Peer-Review**
-  **No Space Constraints, No Extra Space and No Color Charges** No restriction on the length of papers, number of figures, or colors
-  **No Article Processing Charge (APC)** Until 31 December 2021, the journal is sponsored by MDPI

## Aims and Scope

*World* is a multidisciplinary and open access journal devoted to past, present, and future links between economic, political, social, and/or environmental issues. The editorial team can expedite high-quality manuscripts. Please consider becoming a referee, author, or editorial board member.

The scope of *World* includes:

- Sustainable business, economics, and management
- Corporate sustainability
- Circular economy
- Industrial symbiosis and eco-industrial parks
- Sustainable community development
- Social responsibility
- Social justice
- Environmental governance
- climate change mitigation
- Consequences of AI and robotics
- Human relationship to nature
- The future of public health
- Resources policies
- Environmental policies
- Economic policies
- Health policies
- Social and cultural policies
- Development cooperation
