Attachment: Questionnaire

Evaluation Index Questionnaire of Urban Living Environment Reconstruction in Wenchuan Earthquake-Stricken Areas

Number: ______ Survey Date: ____YY____MM____DD Residential Location: ______

1. Personal Information

<table>
<thead>
<tr>
<th>Gender</th>
<th>① Male ② Female</th>
</tr>
</thead>
<tbody>
<tr>
<td>Age (years old)</td>
<td>① Under 20 ② 20-29 ③ 30-39 ④ 40-49 ⑤ 50-59 ⑥ Over 60</td>
</tr>
<tr>
<td>Number of households (persons)</td>
<td>① 1 ② 2 ③ 3 ④ 4 ⑤ 5 ⑥ 6 ⑦ 7 ⑧ 8 (and above)</td>
</tr>
<tr>
<td>Occupation</td>
<td>① Administrative staff ② Enterprise staff ③ Career staff ④ Peasant ⑤ Freelancer ⑥ Unemployed ⑦ Retired ⑧ Student ⑨ Others ______</td>
</tr>
<tr>
<td>Degree of education</td>
<td>① Junior high school (and below) ② High school ③ Vocational education ④ Technical secondary school ⑤ College ⑥ Undergraduate ⑦ Master’s degree (and above)</td>
</tr>
<tr>
<td>Reconstruction mode</td>
<td>① Local unified construction ② Paired assistance ③ Residential self-built ④ Undecided ⑤ Other ______</td>
</tr>
<tr>
<td>Housing area</td>
<td>______ m²</td>
</tr>
</tbody>
</table>

2. Basic Problem

① What factors do you think are important for the ecological carrying capacity of a renewed urban environment? (multiple choice)
- Disaster prevention management and education
- Facility disaster prevention performance
- Disaster self-prevention and self-help
- Security situations
- Disaster prevention spaces

② What factors do you think are important for the living environments of renewed urban environments? (multiple choice)
- Housing quality
- Public service facilities
- Greening and landscaping
- Municipal facilities
- Road traffic
- Community location

③ What factors do you think are important for the life reconstruction of renewed urban environments? (multiple choice)
- Employment
- Community culture activities
- Community life services
- Neighborhood relations
- Vulnerable groups
- Psychological reconstruction

④ What factors do you think are important for the cultural reconstruction of renewed urban environments? (multiple choice)
Reconstruction of regional characteristics  Multicultural coexistence  Historical and cultural inheritance  National culture protection  Development of contemporary culture

5. What factors do you think are important for the post-disaster reconstruction of cities and towns in disaster areas? (multiple choice)

- Government organizations
- Public participation
- Ecological carrying capacity
- Living environment
- Life reconstruction
- Cultural reconstruction

6. In addition to the above contents of post-disaster reconstruction practices, what other factors do you think are important? Please list them: ________________________

3. Extension Problem  What factors do you think are the most important for post-disaster reconstruction practices (please check with √)
