

The logo features the text 'MDPI' in a bold, black, sans-serif font, followed by a stylized teal icon of an open book. To the right of the icon, the word 'Books' is written in a teal, sans-serif font. Below this, the tagline 'Publishing Open Access Books & Series' is displayed in a smaller, teal, sans-serif font. The background consists of various overlapping teal and light green geometric shapes, including triangles and rectangles, creating a modern, abstract design.

MDPI Books

Publishing Open Access Books & Series

Our comprehensive publishing program provides personal support throughout the entire production process—from the inception of your book project to its publication.

About Us

With over two decades of academic publishing experience, MDPI is a leader in open access publishing. With its Books Initiative, MDPI also supports new paths in book publishing.

MDPI Books offers quality open access book publishing to promote the exchange of ideas and knowledge across all disciplines in a globalized world.

MDPI Books encompasses all the benefits of open access—high availability and visibility, as well as wide and rapid dissemination across all book formats.

As a researcher, you profit from flexible publishing options. Complement the digital version of your work with a printed counterpart without a minimum print run. Find professional support for your book project!

Our Services

ASSISTANCE

in informing authors of the book's requirements, call for abstracts, selecting and inviting contributors.

PRE-CHECK

of manuscripts in-house, including checks for plagiarism, data falsification, reuse permissions for figures or inappropriate authorship credit.

REVIEW PROCESS

coordinated in cooperation with editors and advisers.

COPY-EDITING

and manuscript formatting in-house.

LANGUAGE EDITING

carried out by professional native-speaking editing staff, including spelling, grammar and punctuation, rewording of ambiguous or overly-complex phrases, and correct usage of common technical terms.

CONVERSION

from Microsoft Word or LaTeX to industry-standard XML schema (e.g. JATS), PDF or EPUB.

GRAPHIC DESIGN

services by our experienced designers for book covers and promotional material for print and online use. The quality of the content is matched by the quality of its presentation.

PRINTING, DISTRIBUTION, AND MARKETING

around the globe upon publication via established channels, relevant libraries and institutions. Titles are also available to be viewed or purchased directly from the MDPI Books website.

Our Book Types

EDITIONS AND BOOK SERIES

As a comprehensive academic publisher, MDPI also publishes edited book volumes, e.g., conference proceedings, that comprise a spectrum of viewpoints on a particular topic. Thus, editions are particularly well-suited for recording continuous interdisciplinary scholarly endeavors in a series. MDPI Books welcomes both completed manuscripts on hand and new project ideas.

MONOGRAPHS

We believe that the contemporary trend towards wider and faster dissemination and access to knowledge should also benefit monograph authors. Accordingly, MDPI publishes short-form or full-length monographs by single or multiple authors, including doctoral theses.

Thanks to MDPI's unique production infrastructure and its aim for a most timely publication, your edition or monograph can be reviewed, edited, published, and ready to order in as little as 5–6 months.

REPRINT BOOKS

For all online content, MDPI provides the possibility to publish reprints in book format—*Special Issue* or *Topical Collection Reprint* of a journal, *Author Collections*, or simply a *Selection* of articles of your choice. Accordingly, this service allows you to tailor content to your own needs and interests.

Why Choose Us

OPEN ACCESS

Make your scholarly work accessible worldwide without any restrictions! All authors retain the copyright for their work distributed under the terms of the Creative Commons Attribution License. All our titles are freely and immediately available to be read in our library.

AUTHOR FOCUS

Authors and editors profit from MDPI's customized personal support, assistance throughout the entire publication process, and competitive processing charges. Publishing open access can help meet the compliance requirements of research institutes and funding agencies. MDPI supports authors in looking for open access funding (www.mdpi.com/authors/funding).

HIGH QUALITY & RAPID PUBLICATION

MDPI's unique production infrastructure ensures a thorough review of all published items and provides a fast publication procedure. State-of-the-art research and time-sensitive topics are released without delay.

HIGH VISIBILITY

By way of our global network and well-known channel partners, we ensure maximum visibility and broad dissemination. Title information is sent to international indexing databases and archives, such as the Directory of Open Access Books (DOAB). We distribute your publication worldwide with a unique identification number (ISBN). Digital Object Identifiers (DOIs) are assigned at book and chapter level.

PRINT-ON-DEMAND & MULTIPLE FORMATS

Our service meets the highest quality standards, allowing you to print and purchase as many copies of your work as you require, at any time. Print-on-demand is a sustainable, cost-effective and flexible way of production, coupled with rapid printing and delivery. We offer several availability options for your book and work with you to select the optimum choice.

Keep in Touch

Thinking of writing or editing a book?

Please visit us at www.mdpi.com/books and propose your project online or contact us at booksubmission@mdpi.com.

One of our book production editors will be contacting you to discuss your project and answer your questions.
