The 2nd International Conference on Energy-Efficient Separation

Date: 27 – 30 Nov, 2019
Venue: Pan Pacific Melbourne

Key Dates:
- Abstract Submission Deadline: 1 June - Extended to 1 July 2019
- Early Bird Registration: 1 Aug 2019

Plenary Speakers:
- Dr Colette Burke, Chief Engineer of Victoria
- Prof Jihui Qu, Tsinghua University
- Prof Sandra Kentish, The University of Melbourne
- Prof Benny Freeman, The University of Texas at Austin
- Prof Ana Deletic, University of New South Wales
- Prof Wang Rong, Nanyang Technological University

Special Issue to be published in membranes

Novel Materials for Membranes Synthesis
Water Treatment & Desalination
Functional Materials for Energy-efficient Separation
Mixed-matrix Membranes
Aerobic & Anaerobic Membrane Bioreactors
Integrated Processes for Energy-Efficient Separation
Wastewater Treatment & Recycling
New Applications of Membrane Technologies
Stormwater & Ground Water Management
Aerobic & Anaerobic Membrane Bioreactors
Integrated Processes for Energy-Efficient Separation
Wastewater Treatment & Recycling
New Applications of Membrane Technologies
Stormwater & Ground Water Management
