

# *universe*

Dear Colleagues,

To honor the excellent papers published in the Special Issue “The Casimir Effect: From a Laboratory Table to the *Universe*”, we are pleased to launch a new Best Paper Award. The winning paper will receive an award. The winning paper will be selected after a thorough evaluation by an Award Committee consisting of senior scholars from the *Universe* Editorial Board.

## 2021 BEST PAPER AWARD FOR SPECIAL ISSUE

### **Eligibility for the awards:**

- ONLY papers published in the Special Issue “The Casimir Effect: From a Laboratory Table to the Universe” will be considered.
- Papers published by Guest Editors will not be granted this award.

### **Selection Criteria:**

Papers will be selected by the journal Award Committee according to the following criteria:

- Scientific merit and broad impact;
- Relevance to the SI and journal scope;
- Originality of the research objectives and/or the ideas presented (for research article);
- Creativity of the study design or uniqueness of the approaches and concepts (for research article);
- Comprehensiveness will be considered for review articles;
- Citations (data source: Web of Science (Clarivate Analytics)) and download rates in 2022.

### **Prizes:**

The winner (corresponding author) will receive the following:

- 500 CHF;
- An electronic certificate.

The winning paper will be announced on the journal website in February 2023. If you want to know more details about the Special Issue or submit a paper, please follow this link:
