An Open Access Journal by MDPI

## Editor-in-Chief

Prof. Dr. Enzo Berardesca

## Message from the Editor-in-Chief

*Cosmetics* is an international, scientific, open access journal on the science and technology of cosmetics, published by MDPI online quarterly. Original articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public can unlimitedly access the content free of charge as soon as it is published. As a new journal, the publication fees are fully waived for papers submitted to *Cosmetics* in 2017. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Peer Review** *Cosmetics* has introduced the possibility for the authors to choose the Open Peer Review process (OPR). The OPR reveals authors and reviewers names, which can improve the quality of the papers and the transparency of the publication process, and facilitate discussion and clarity between the authors and the reviewers.

**Open Access** For researchers, immediate access to the literature that they need. For authors, retain copyright of their work and a much wider circle of readers.

## Aims and Scope

*Cosmetics* provides an advanced forum for fundamental and applied research on skin, cosmetic product formulations and ingredient research, clinical and experimental research including cosmetic surgery, light sources and technical devices for dermatological treatment. It publishes reviews, original research papers, communications, case reports, letters and short notes.

The scope of *Cosmetics* includes:

Material and ingredient research related to cosmetics

Product formulation and ingredients

Cosmetics for skin, hair and nails

*In vivo* and *in vitro* testing of cosmetics

Olfactory and sensorial analysis

Regulatory and ethical issues in cosmetic research

Biochemistry, immunology, physiology of skin and appendages

Analytic chemistry of cosmetic ingredients and products
