an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Maurizio Battino

Message from the Editor-in-Chief

Diseases is an international, peer-reviewed, open access, multidisciplinary journal that focuses on the latest outstanding research concerning diseases and conditions. Research articles, reviews, and other contents are released on the Internet immediately after acceptance. This journal aims to cover international conferences and symposia as new targets.

Diseases is increasingly gaining acceptance and visibility within scholars, and after only a few years of life, *Diseases* is now also covering specific topics with dedicated special issues. We would be pleased to welcome you as one of our authors.

Author Benefits

-  **Open Access** Unlimited and free access for readers
-  **No Copyright Constraints** Retain copyright of your work and free use of your article
-  **Coverage by Leading Indexing Services** PubMed Indexed
-  **Fast yet Thorough Peer-Review Process**
-  **No Space Constraints, No Extra Space or Color Charges** No restriction on the length of the papers, number of figures or colors

Aims and Scope

Diseases is aimed at medical researchers and healthcare professionals. Manuscripts regarding original research and ideas will be particularly welcomed. We also accept reviews, communications, and short notes.

The scope of *Diseases* includes:

- Prevention, diagnosis, and management of human diseases
- Pathology, therapy, and pathogenesis of human diseases
- Disease and society, including patient care
- Epidemiological and epizootological studies of human
- Assessment, monitoring, and surveillance of public health
- Rare syndromes
- Infectious diseases
- Deficiency disease
- Immunology
- Hereditary disease
- Physiological disease
- Water-related diseases
- Cardiovascular diseases, principally heart attacks and stroke
- Neuropsychiatric conditions
- Indigenous diseases
