An Open Access Journal by MDPI

Editor-in-Chief

Dr. Tony Ross-Hellauer

Message from the Editor-in-Chief

As the Editor-in-Chief of Publications (ISSN 2304-6775), I warmly invite you to submit your research for consideration for publication in our journal. Publications is an international, peer reviewed, fully Open Access journal that provides an advanced forum for research studies related to all aspects of scholarly publishing. While primarily a vehicle for research and review articles, we will also publish, from time to time, case studies and opinion pieces. We aim to offer high-quality, responsible services and rapid decision-making so that submitting and publishing with us should be a rewarding experience. If you wish to discuss your ideas for submission in advance, or if you have topics for potential Special Issues you would like us to consider, or indeed have any queries about any other aspect of Publications, then please do not hesitate to contact me personally at: ▶ tross@know-center.at

Author Benefits

-  **Open Access** Unlimited and free access for readers
-  **No Copyright Constraints** Retain copyright of your work and free use of your article
-  **Free Publication** No Article Processing Charges (APC) for well-prepared manuscripts submitted in 2018
-  **Thorough Peer-Review**
-  **Coverage by Leading Indexing Services** Emerging Sources Citation Index - Web of Science (Clarivate Analytics), Scopus (Elsevier)
-  **No Space Constraints, No Extra Space or Color Charges** No restriction on the length of the papers, number of figures or colors

Aims and Scope

Publications (ISSN 2304-6775) is an international, peer-reviewed, fully open access journal that provides an advanced forum for research studies related to all aspects of scholarly publishing. *Publications* aims to provide an interdisciplinary forum for scholars, publishing professionals, librarians and others to communicate original empirical and theoretical research on these and related topics to address current issues and inform best practice.

The scope of *Publications* includes:

- Theory and practice of scholarly communication
- Digitisation and innovations in scholarly publishing
- Metadata, infrastructure, and linking the scholarly record
- Publishing policies and editorial/peer-review workflows
- Financial models for scholarly publishing
- Copyright, licensing and legal issues in publishing
- Research integrity and publication ethics
- Publication of non-traditional research outputs
- Issues in the transition to open access and open science
- Inclusion and participation of traditionally excluded actors
- Language issues in publication processes and products
- Traditional and alternative models of peer review
- Assessment and evaluation of research and its impact
- The place of research libraries, scholarly societies, funders and others in scholarly communication
