Message from the Editor-in-Chief

From consumer acceptance to chemistry and physics; from packages to logistics—this is *Beverages*. Special Issues cover a wide range of beverages, ingredients, and processing. It is an exciting time to be conducting research on beverages; the market is changing worldwide, the technology of beverage production is advancing, and the types of beverages available to us is expanding rapidly. Thank you to our authors, reviewers, readers, and our editorial staff. Here's a toast (your choice of beverage) to a great future.
