Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.

Aims and Scope

Nutrients publishes original research, reviews, hypotheses, commentaries and short communications of relevance to human nutrition. There is no restriction on the length of the papers. Hence we encourage scientists to include full experimental details and a comprehensive presentation and discussion of results in their submissions. For clarity of presentation, however, extensive descriptions of experimental procedures or results may be published in supplementary format.

The scope of *Nutrients* includes:

- Macro- and micronutrients
- Essential and bioactive nutrients
- Human nutrient requirements
- Human nutrition aspects of plant, animal and marine nutrient sources functional foods
- Supplements, nutraceuticals
- Dietary intervention trials
- Health claims
- Diet-related disorders
