colloids and interfaces

an Open Access Journal by MDPI

Editor-in-Chief

Dr. Reinhard Miller

Message from the Editorial Board

We would like to introduce you to a new international open-access journal, *Colloids and Interfaces*, covering all aspects of colloid and interface science. This journal aims to efficiently publish peer-reviewed articles over the internet free of charge to the worldwide community. Original as well as review papers are encouraged. We will also publish Special Issues as proceedings of scientific conferences and workshops as well as those dedicated to particular contemporary themes. On behalf of our distinguished editorial board, we welcome your contributions.

Author Benefits

-  **Open Access** Unlimited and free access for readers
-  **No Copyright Constraints** Retain copyright of your work and free use of your article
-  **Free Publication** For well-prepared manuscripts submitted in 2018
-  **Thorough Peer-Review**
-  **No Space Constraints, No Extra Space or Color Charges** No restriction on the length of the papers, number of figures or colors

Aims and Scope

The new journal *Colloids and Interfaces* addresses a broad range of topics. These comprise experimental and theoretical aspects, as well as fundamental and applied themes. We encourage original manuscripts on suspensions, emulsions, foams, gels, and ionic liquids that contain small molecular-weight surfactants, macromolecules, nanoparticles or their mixtures. Also very welcome are manuscripts on the applications of colloidal and interfacial aspects in chemistry, biology, medicine and in industrial areas such as cosmetics, material science, polymer, food and pharmacy.

Critical review articles and book reviews will be published as well, making *Colloids and Interfaces* a valuable resource for authors and readers alike. Instructions for authors can be found on our website.
