Journal of *Marine Science and Engineering*

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Tony Clare

Message from the Editor-in-Chief

The *Journal of Marine Science and Engineering* (JMSE; ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

Author Benefits

-  **Open Access** Unlimited and free access for readers
-  **Thorough Peer-Review**
-  **Coverage by Leading Indexing Services** Emerging Sources Citation Index (ESCI - Web of Science); Scopus (Elsevier); INSPEC (IET)
-  **Rapid Publication** Average 53 days from submission to publication
-  **Low Publication Fees** 350 CHF in 2018; 550 CHF in 2019
-  **No Copyright Constraints** Retain copyright of your work and free use of your article
-  **No Space Constraints, No Extra Space or Color Charges** No restriction on the length of the papers, number of figures or colors

Aims and Scope

Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There are no restrictions on the type and length of the papers. The full experimental details must be provided so that the results can be reproduced. Electronic files and software supporting the full details of the calculations or experimental procedures, if unable to be published in a normal way, can be deposited as supplementary electronic material.

The scope of *JMSE* includes:

Marine biology

Marine biodiversity

Marine genomics

Marine ecology

Marine resources

Marine chemistry

Marine environment

Marine biotechnology

Biological oceanography

Chemical oceanography

Geological oceanography

Physical oceanography

Ocean engineering
